Subject: Danebo room update

A Danish meeting place in Portland

Kristin Square II
9498 SW Barbur, Suite 207

Hello Danes in Oregon & SW Washington,

You have all heard about our beautiful meeting room, "Danebo", but most of you have not yet seen the great changes that have taken place lately.

Below are some details.

We still need to hang some nice pictures and to do a few other things, but we have come a very long way, thanks to the hard working people mentioned below.

Mange tak!!!

— Bodil Muller

FURNITURE: We have six tables, each seating eight, with lovely new tablecloths and high quality chairs. Hanne Wagner found the chairs at an excellent price and moved them many miles to Danebo. Hans Steuch repaired the broken table hinges.

TV & BOOKS: We have a nice new TV for presentations and movies. Pretty high tech. The office corner will be useful. Our book collection, shown above, is underway. More donations will be appreciated, of course.

CONVERSATION AREA: We are quite pleased with our comfortable chairs and couch. A good place to talk and to read our books.

Cozy!

KITCHEN EQUIPMENT: We have a new dishwasher, a refrigerator, and cupboards. Nils Jensen and Hanne Wagner did the shopping. The installation was done by Nils Jensen, Peter Blyt, and Hans Steuch. Imagine the events we can have at Danebo now!

STORAGE: Our storage problem was solved ingeniously. Several bookcases filled with Danish books form a wall. Behind it is a perfect area that holds the NWDA belongings donated by members over the years and the items used by the "Himmelbjerget" camp and their fundraisers.

P.S.: The storage area was a lot of work. Mange tak to everyone who helped, and especially Hanne Wagner, Kaja Voldbæk, Maren Williams, Cassy Johnson, Sophia Miller, Kaily Malynowski, and Dina Ross. What women power! The only males involved were Maren's and Cassy's young boys!

SPACE: We are grateful to have enough room for our activities and events. Already we have filled it with happy Danes. Nils Jensen made renting this wonderful new space possible.
